

Fresh Equipment for Fresh Food & Beverage Shipments

Introducing New Refrigerated Boxcars Designed with Your Business in Mind

When food is your business, keeping your products fresh is a must.

From produce to frozen foods to wine and beer, maintaining the cold chain can make or break your business.

That's why we have improved the way we ship, providing you with 64-foot, state-of-the-art refrigerated boxcars to move your food and beverages from origin to destination – cold, fresh and damage-free.

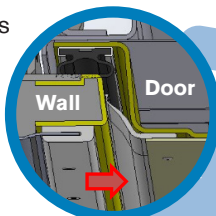

We Know Transportation

Using knowledge gathered from more than 150 years of shipping experience, we have engineered a new generation of reefer cars for optimal performance.

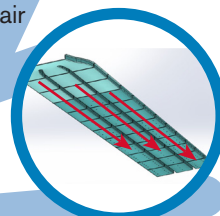

Hybrid refrigeration unit designed for improved efficiency and reduced emissions.

Double-sealed doors to protect freshness and prevent thermal loss.

Customized air distribution system balances air flow to create a uniform temperature throughout the car.

Patented floor design maximizes air flow and protects product quality.
